DOMINION ORDERS IN COUNCIL.

[2043]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 6th day of October, 1919.

PRESENT:

THE DEPUTY GOVERNOR-GENERAL IN COUNCIL.

WHEREAS the regulations for the survey, administration, disposal, and management of Dominion lands within the Forty-mile Railway Belt in the Province of British Columbia, established by Order in Council of September 17th, 1889, provide that Dominion lands shall be laid out into sections of a mile square, together with an allowance of 12 acres for road purposes, and that each section shall be divided into quarter-sections of 160 acres, together with an allowance for roads of 3 acres; and

Whereas the Minister of the Interior reports that, in accordance with these provisions, the areas of lands have been given on the plans of townships exclusive of the allowance for roads at the rate of 12 acres per section and in like proportion for smaller areas; and

Whereas the Minister submits that, as the provisions of the said regulations relating to roads and road allowances have been amended by Order in Council of June 22nd, 1918, which authorizes the authorities of the Province to take, for road purposes, from the land of any owner or occupier any area not exceeding one twentieth of the area of the said land, the deduction of an allowance for roads of 12 acres per section has no longer any significance;

Therefore the Deputy Governor-General in Council is pleased to order and it is hereby ordered that the actual areas of sections or other subdivisions of land, without any deduction for roads, shall be now given on the plans of townships; also that sections 3, 5, and 7 of the above mentioned regulations shall be and the same are hereby amended to read as follows:—

Section 3.

The Dominion lands in British Columbia shall be laid off, so far as practicable, in quadrilateral town-

ships, each containing thirty-six sections measuring as nearly as the convergence of meridians permits eighty and one-half chains along the meridian and eighty-one chains perpendicularly to the meridian through the centre of the township.

The sections shall be bounded and numbered as shown on the following diagram:—

N					
31	32	33	34	35	36
30	29	28	27	26	25
19	20	21	22	23	24
18	17	16	15	14	13
7	8	9	10	11	12
6	5	4	3	2	1
S					

Section 5.

Each section shall be divided into quarter-sections of 160 acres, more or less, subject to the provisions hereinafter made.

Section 7.

The dimensions and areas of the sections, quarter-sections, or other authorized subdivisions shall be returned and marked on the official plans at their actual measurements and contents, without any deduction for roads.

RODOLPHE BOUDREAU,
oc23 *Clerk of the Privy Council.*

[2044]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 6th day of October, 1919.

PRESENT:

THE DEPUTY GOVERNOR-GENERAL IN COUNCIL.

WHEREAS regulations for the disposal of coal-mining rights the property of the Crown in the Provinces of Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, and in portions of the Province of British Columbia were established by Order in Council dated the 20th day of April, 1910, and amended by subsequent Orders in Council; and

Whereas the Minister of the Interior reports that representations have been made to the Department of the Interior that there is a very large and valuable deposit of high-grade coal on Dominion lands near the junction of the Muskeg and Smoky Rivers in unsurveyed territory in the Province of Alberta, situated about seventy miles distant from railway communication; and

Whereas the coal-mining rights already disposed of by the Crown under the provisions of the regulations, and those available coal-mining rights with which railway communication has already been established in the said Province appear to be sufficient to supply all present requirements, and as it would appear to be in the public interest that a coal reservation should be created in the northern portion of the said Province,—

Therefore the Deputy Governor-General in Council, on the recommendation of the Minister of the Interior, is pleased to order that the coal-mining rights which are the property of the Crown in Townships 55, 56, 57, 58, and 59, Ranges 7, 8, and 9, west of the 6th initial meridian, shall be and the same are hereby withdrawn from disposal under the provisions of the coal-mining regulations above referred to.

October 28th, 1919.

HIS HONOUR the Lieutenant-Governor in Council has been pleased to revoke all regulations made under the provisions of the above-mentioned Act, and to approve the following in lieu thereof.

J. D. MACLEAN,
Clerk, Executive Council.

RULES AND REGULATIONS PURSUANT TO SECTION 14 OF CHAPTER 51 OF THE
STATUTES OF BRITISH COLUMBIA, 1917.

Rule 1. In these rules, unless a contrary intention appears:—

"Continuing candidate" means a candidate not already declared elected or excluded from the poll:

"First choice" means the choice expressed on a ballot by the elector placing the figure 1 in the square opposite the name of a candidate:

"Non-transferable ballot" means a ballot on which no second or subsequent choice is expressed for a continuing candidate:

Provided that a ballot shall be deemed to be non-transferable in any case in which—

(a.) The names of two or more candidates (whether continuing or not) are marked with the same figure next in order of preference; or

(b.) The name of the candidate next in order of preference (whether continuing or not) is marked—

(i.) By a figure not following consecutively after some other figure on the ballot; or

(ii.) By two or more figures:

"Quota" shall have the meaning assigned to it in Rule 4:

"Surplus" means the number of counted votes which a candidate has obtained, at any stage of the count, over and above the quota:

"Vote capable of transfer" and "transferable vote" mean a choice expressed on a ballot on which a further choice is expressed for a continuing candidate.

Rule 2. At the close of the polls the ballots shall first be sorted and counted at the several polling-booths according to the first choice of the voters.

At each booth the ballots cast for each candidate as first choice shall be put up in a separate package, which shall be properly marked on the outside to show the number of ballots therein, and the name of the candidate for whom they were cast, and the particular polling-booth at which they were cast. The ballots declared invalid by the Presiding Officer shall also be put up in a separate package, properly marked on the outside.

All packages, together with a record of the count, shall be replaced in their respective ballot-boxes, properly sealed, and forwarded to the Returning Officer of the municipality as directed by him; and when all the ballot-boxes have been received by him, the counting of the ballots shall proceed under his direction.

Rule 3. The number of first-choice votes given for each candidate shall be verified, added, and tabulated.

Rule 4. The aggregate number of first-choice votes shall be divided by one more than the number of candidates to be elected, and the quotient increased by one, disregarding any remainder, shall be the "quota," and (except as hereinafter provided in Rules 16 and 17) no candidate shall be elected until he obtains a number of votes equal to or greater than the quota.

Rule 5. Any candidate who has, upon the first-choice votes being counted, a number of such votes equal to or greater than the quota shall be declared elected.

Rule 6. If the number of such votes obtained by any elected candidate is equal to the quota, the whole of the ballots on which a first choice is expressed for such elected candidate shall be set aside as finally dealt with.

Rule 7. If the number of such votes obtained by any elected candidate is in excess of the quota, then, subject to paragraphs (i) and (j) of this rule, the surplus shall be transferred to the continuing candidates next in the order of the voters' respective preferences, in the following manner:—

(a.) All the ballots on which a first choice is expressed for the elected candidate shall be re-examined, and the number of ballots on which there are votes capable of transfer shall be ascertained. The ballots on which there are votes capable of transfer shall be sorted into piles according to the next choice expressed on each for a continuing candidate, and the number in each pile ascertained:

- (b.) If the total number of votes capable of transfer is not greater than the surplus, all the votes capable of transfer shall be transferred:
- (c.) If the total number of votes capable of transfer is greater than the surplus, the number of votes transferred from each pile shall be such proportion of the number of ballots in the pile as the surplus bears to the total number of votes capable of transfer:
- (d.) The number of votes so to be transferred from each pile shall be ascertained by multiplying the number of ballots in the pile by the fraction the numerator of which is the number of surplus votes and the denominator is the total number of votes capable of transfer. Unless the use of the fraction is required to avoid an error, the approximate equivalent decimal fraction may be used. A note shall be made of the integral product so obtained and of any accompanying fraction:
- (e.) The integral product so obtained, subject to paragraph (f) of this rule, shall be transferred to the respective continuing candidate, and added to the number of votes obtained by him on the counting of the first-choice votes:
- (f.) If, owing to the existence of fractions, as noted under paragraph (d) of this rule, the total number of votes so transferred is less than the surplus, then so many of the largest of such fractions shall be reckoned as of the value of unity (i.e., 1) as are necessary to make the total number of votes so transferred equal to the surplus, and the remaining fractions shall be ignored:
- (g.) From the respective piles of transferable votes for each continuing candidate there shall be taken without discrimination a number of ballots equal to the number of votes transferred to him pursuant to paragraphs (e) and (f) of this rule, and these shall be placed in a separate parcel and transferred to him:
- (h.) Each ballot so transferred shall be marked in such a manner as to indicate the candidates from and to whom the transfer is made:
- (i.) All ballots not transferred under the foregoing provisions shall be set aside as finally dealt with:
- (j.) A transfer of votes under this rule shall not be made unless the surplus of the elected candidate, together with any other surpluses not transferred, exceeds the difference between the votes of the two continuing candidates lowest on the poll:
- (k.) The foregoing provisions of this rule shall take effect subject to the provisions of rule 17, and if at any time there is one remaining vacancy which can be filled under that rule, no further transfer under this rule shall be made.

Rule 8. (1.) Where, on the counting of the first-choice votes or on any transfer, more than one candidate has a surplus, the largest surplus shall be first dealt with. Then, if more than one candidate has a surplus, the then largest surplus shall be dealt with, and so on: Provided that if one candidate has obtained a surplus at a count or transfer previous to that at which another candidate obtains a surplus, the surplus of the former shall be first dealt with.

(2.) Where two or more surpluses are equal, the surplus of the candidate who was the highest on the poll at the count or transfer at which they last had an unequal number of votes shall be first dealt with; and if they have had an equal number of votes at all preceding counts or transfers, the Returning Officer shall decide which candidate's surplus shall be first dealt with.

Rule 9. If the number of votes obtained by a continuing candidate is raised up to or above the quota during the transfer of a surplus, he shall thereupon be declared elected. And in such case, notwithstanding the fact that he may have reached the quota, such transfer shall be completed, and all the votes to which he is entitled therefrom shall be transferred to him, but no other votes shall be transferred to him.

Rule 10. Where the number of votes obtained by a continuing candidate is raised up to but not above the quota, during the transfer of a surplus, all the ballots on which such votes are given shall be set aside as finally dealt with.

Rule 11. The surplus of each candidate declared elected under the provisions of Rule 9 shall, subject to paragraphs (d) and (e) of this rule, be transferred to the continuing candidates next in the order of the voters' respective preferences, in the following manner:—

- (a.) The ballots transferred to the elected candidate in the last transfer pursuant to Rule 9 shall be re-examined, and the number of ballots on which there are votes capable of transfer shall be ascertained. The ballots on which there are votes capable of transfer shall be sorted into piles according to the next choice expressed on each for a continuing candidate, and the number in each pile ascertained:
- (b.) If the total number of votes capable of transfer is not greater than the surplus, all the votes capable of transfer shall be transferred:
- (c.) If the total number of votes capable of transfer is greater than the surplus, then the surplus shall be transferred, and the ballots dealt with in similar manner as is directed in Rule 7, paragraphs (c) to (i), inclusive, for the transfer of a surplus arising at the first count:
- (d.) A transfer of votes under this rule shall not be made unless the surplus of the elected candidate, together with any other surpluses not transferred, exceeds the difference between the votes of the two continuing candidates lowest on the poll:
- (e.) The foregoing provisions of this rule shall take effect subject to the provisions of Rule 17, and if at any time there is one remaining vacancy which can be filled under that rule, no further transfer under this rule shall be made.

Rule 12. If, after the first-choice votes have been counted, and all surpluses (other than surpluses of which the transfer has been postponed under the foregoing rules) have been dealt with, no candidate, or less than the number of candidates required to be elected, has or have obtained the quota, then, subject to Rules 16 and 17, the candidate lowest on the poll shall be excluded, and all transferable votes, including those obtained by him as first choices and those transferred to him, shall be transferred in one transfer to the credit of the continuing candidates who are shown by the respective ballots to be next in the order of the voters' respective preferences.

Rule 13. Where the number of votes obtained by a continuing candidate is raised up to or above the quota during any transfer of votes from an excluded candidate, the continuing candidate shall thereupon be declared elected. And in such case, notwithstanding the fact that he may have reached the quota, such transfer shall be completed, and all the votes to which he is entitled therefrom shall be transferred to him, but no other votes shall be transferred to him.

Rule 14. Where the number of votes obtained by a continuing candidate is raised up to but not above the quota by any such transfer, all the ballots on which such votes are recorded shall be set aside as finally dealt with.

Rule 15. Where the number of votes obtained by a continuing candidate is raised above the quota by any such transfer, his surplus shall be transferred to the continuing candidates next in the order of the voters' respective preferences in the like manner as is directed for the transfer of a surplus by Rule 11.

Rule 16. The same process of excluding the continuing candidate lowest on the poll and transferring to other continuing candidates his transferable votes shall be repeated until all the candidates, except the number required to be elected, have been excluded: and the continuing candidates, who have not already been so declared, shall then be declared elected.

Rule 17. If at any time during the count only one vacancy remains unfilled, and the votes of some one continuing candidate exceed the total of the votes of the other continuing candidates, together with any surplus votes not transferred, the first-mentioned candidate shall be declared elected.

Rule 18. If only one office is to be filled, as that of Mayor or Reeve, and the votes of some one continuing candidate exceed the total of the votes of the other continuing candidates, the first-mentioned candidate shall be declared elected.

Rule 19. Where at any time it becomes necessary to exclude a candidate, and two or more candidates have the same number of votes and are lowest on the poll, then whichever of such candidates was lowest on the poll at the last count or transfer at which they had an unequal number of votes shall be first excluded, and if such candidates have had an equal number of votes at all preceding counts or transfers the Returning Officer shall decide which candidate shall be first excluded.

Rule 20. In determining what candidate is next in the order of the voter's preference, any candidates who have been declared elected or who have been excluded shall not be considered, and the order of the voter's preference shall be determined as if the names of such candidates had not been on the ballot-paper.

Rule 21. If at any count it is found that on any ballot there is no candidate opposite whose name a number is placed, other than those who have been already either declared elected or excluded, such ballot shall be set aside as finally dealt with.

Rule 22. On the tabulation of each count or transfer a record shall be kept, under the designation "non-transferable ballots," of those ballots which have become non-transferable ballots, and they shall be set aside as finally dealt with.

Rule 23. In case a recount of the ballots is made, every ballot shall be made to take in the recount the same course that it took in the original count unless there is discovered a mistake that requires its taking a different course, in which case the mistake shall be corrected and also any further changes made in the course taken by ballots that may be required as a result of the correction. This rule shall apply also to the correction of any error that may be discovered during the original count.

Rule 24. So far as may be consistent with good order and with convenience, representatives of the press and the public may, with the sanction of the Returning Officer, be present and witness the counting of the votes.

Rule 25. The Returning Officer shall record and give public notice of any transfer of votes made under these rules, and of the total number of votes credited to each candidate after any such transfer. Such public notice may be in accordance with the form of Table of Results given in the Appendix A to these rules.

Rule 26. Any candidate or his agent may, at any time during the counting of the votes, either before the commencement or after the completion of any transfer of votes, request the Returning Officer to re-examine and recount the ballots of all or any candidates (not being ballots set aside at any previous transfer as the quota of an elected candidate), and the Returning Officer shall forthwith re-examine and recount the same accordingly. The Returning Officer may, at his discretion, recount votes either once or more often in any case in which he is not satisfied as to the accuracy of any previous count: Provided that nothing herein shall make it obligatory upon the Returning Officer to recount the same votes more than once.

Rule 27. If on application to the County Court Judge of any county in which a municipality or any part thereof is situated, at any time within five days after the holding of the poll, it is made to appear to the satisfaction of the Judge that the Returning Officer at an election in such municipality has, in counting the votes, improperly counted or rejected any ballots to such an extent as to affect the result of the election, the County Court Judge may proceed to recount the votes. Such recount shall be conducted in accordance with the provisions of the "Municipal Elections Act" as modified by the "Municipal Proportional Representation Act" and by these rules.

Rule 28. If upon an election petition the election of any candidate is adjudged invalid, the Judge before whom the same is tried may direct the whole or any part of the ballots cast at such election to be recounted, and shall, upon such recount, direct what course shall be taken by and effect given to the ballots on which a preference was indicated for the candidate whose election is adjudged invalid, and shall cause the subsequent operations to be carried out and the result of the election to be ascertained in accordance with these rules.

Rule 29. At any election the candidate who is first declared elected by the Returning Officer shall be deemed for all purposes to have received the largest number of votes; the candidate next declared elected shall be deemed for all purposes to have received the next largest number of votes, and so on.

Rule 30. The Returning Officer shall be appointed in the manner provided in the "Municipal Elections Act," and he shall prepare all forms as shown in the various appendices to these rules which may be necessary for the conduct of the election.

APPENDIX A.

EXAMPLE OF AN ELECTION CONDUCTED ON THE SYSTEM OF THE SINGLE TRANSFERABLE VOTE SET OUT ABOVE.

Let it be assumed that there are eight members to be elected and that there are sixteen candidates, whose names appear below.

At each polling-booth the ballots are examined, the valid ones sorted according to first choices, counted, and put up in separate packages which are marked as directed in Rule 2. This enables the public to obtain early information as to the first choices. The invalid ballots are also put up separately in packages. All the packages, with a record of the polling-booth count, are then forwarded to the Returning Officer as directed by him. (Rule 2.)

First Count.—When received by the Returning Officer, the counting is checked to see if the figures compare with the Presiding Officers' returns. All the ballots are then sorted according to the names marked 1. Sets of pigeon-holes with sixteen compartments may be used, each labelled with the names of the candidates in alphabetical order. A separate basket should receive the invalid ballots, or ballots of doubtful validity, which will be examined by the Returning Officer in the presence of the candidates or their representatives. The ballots thus adjudged valid will be placed with the ballots already sorted.

After the sorting is finished, the ballots of the sixteen candidates are divided among the sorters for counting. A tally-sheet may be used, or any mechanical counting device. The counting should be checked. This will also serve to act as a check on the sorting, and mis-sorts will be placed where they belong.

The result of the first count may be supposed to be as follows:—

Candidates.	Votes.
Perry	169
Depew	94
Connolly	91
Kerr	82
Tighe	79
Hande	56
Hughes	56
Feeney	55
Hamilton	51
Flanagan	44
Roche	40
Tarrant	38
Finan	34
Howley	18
Lambert	18
Thompson	15
Total	940

The Quota.—The next duty of the Returning Officer is to ascertain the “quota.” (Rule 4.) The total number of valid ballots (940) is divided by 9 (1 more than the number of seats to be filled), giving 104 and a fraction, and the next number, disregarding the fraction—namely, 105—is the *quota* in this election.

Election of Perry.—The first count in the Table of Results shows that Perry has obtained more than the quota, and he is declared elected. (Rule 5.)

Second Count—Transfer of Perry’s Surplus.—Perry’s surplus is 64 (his total of first choices, 169, less the quota, 105). The Returning Officer must now transfer these surplus votes. For this purpose *all* of Perry’s 169 ballots are examined and re-sorted into piles according to the next choices; in this case, the second choices. Column 1 of the following table, entitled “Transfer of Perry’s Surplus,” shows the result of this re-sorting. It is seen that the number of ballots on which a second choice was shown is 166, there being 3 plumpers; 64 out of these 166 are therefore to be transferred to the second choices indicated on the ballots.

The Returning Officer now calculates the number of votes to be transferred from each pile to the candidates entitled to benefit, by multiplying each of the numbers in Column 1 of the table just referred to by the fraction 64/166 or 32/83, that being the fraction which represents the proportion of votes to be transferred. (Rule 7 (c).) The resulting numbers are given in Column 2 of the following table, the largest fractions being treated as whole numbers, as directed by Rule 7 (f).

Transfer of Perry’s Surplus.

Number of transferable ballots.	166
Proportion of ballots to be transferred } = $\frac{\text{Surplus}}{\text{Number of transferable ballots.}} = \frac{64}{166} = \frac{32}{83}.$	
(If preferred, this may be worked out to three places of decimals.)

No. of transferable ballots.	166	64	102
No. of non-transferable ballots.	3	..	3
Total	169	64	105

Of the 11 ballots in Connolly's pile, the 4 last filed are now transferred to Connolly and are placed in a separate parcel on the top of Connolly's package of original ballots. (Rule 7 (g).) The 4 ballots thus transferred are stamped with the impression "Count 2," to indicate that they were transferred at this count. (Rule 7 (h).) This will disclose from whom and to whom these ballots were transferred. Each pile of second choices is dealt with in a similar way, until, as the above table shows, 64 ballots are transferred, and the remaining 105 ballots, including the 3 plumpers, are retained for Perry's quota. The result is shown as the "2nd Count" in the Table of Results.

Election of Kerr.—Kerr received 30 votes as his share of Perry's surplus, and as he already had 82 votes, his total is now 112—more than the quota—and he is declared elected.

Third and Later Counts.—In dealing with any secondary surplus, i.e., a surplus which arises from a transfer—as distinguished from a surplus on the first count—only the ballots which give rise to the surplus are examined for subsequent preferences. So in dealing with Kerr's surplus of 7 votes, the 30 votes only which he received from Perry are sorted according to the next choices thereon, in this case the third choices, and the surplus of 7 is apportioned among the candidates entitled to benefit, in accordance with the procedure already described. (Rule 11.) The result of this transfer is shown as the "3rd Count" in the Table of Results.

Two candidates have now been elected, and of the 14 candidates still in the running for the other 6 seats, none has obtained the quota.

Thompson excluded.—The Returning Officer accordingly excludes Thompson, the candidate lowest on the poll (15 votes), and he is declared defeated. (Rule 12.) His 15 ballots are next sorted according to the next available preferences thereon. Thus, in sorting Thompson's 15 ballots, where an elector had marked a second choice for either of the elected candidates, Perry or Kerr, the third choice became the "next available preference." Or where an elector had marked Perry as his second choice and Kerr as his third choice, the fourth choice would be, in this case, the "next available preference." (Rule 20.)

Thompson's 15 votes were distributed as follows:—

To Depew	4
Lambert	4
Howley	2
Hamilton	2
Hande	1
Tarrant	1
Tighe	1
	—
	15

Total 15, as shown in the column "4th Count" of the Table of Results.

The proceedings continue now with the successive elimination of candidates at the bottom of the poll. The votes are transferred to the next available preferences, preferences for elected or excluded candidates being ignored. (Rule 20.) At the seventh count Tighe is elected with 5 surplus votes. As this surplus is sufficient to affect the relative positions of the 2 continuing candidates lowest on the poll at this count, they are distributed according to the procedure already described, only the 6 votes which he received on the last transfer from Tighe being dealt with. (Rule 11.) Depew and Connolly are elected at the same count, each with 106 votes. Their surplus of 1 vote each, however, is not transferred, because it is too small to affect the relative positions of the 2 continuing candidates then lowest on the poll. (Rule 11 (d).)

On the twelfth count it will be seen that there are 3 continuing candidates for the 2 last seats to be filled. The vote at this stage is as follows:—

1. Perry	105
2. Kerr	105
3. Tighe	105
4. Depew	106
5. Connolly	106
6. Flanagan	105
Hande	95
Feeney	91
Hamilton	89
Non-transferable	33
	—
Total	940

It will be seen that both Connolly and Depew have a surplus of 1 vote. These, however, are not transferred, because even if they were both to fall to Hamilton with his 89 votes, this candidate would merely have tied with Feeney. And as Hamilton had received fewer votes on the last count on which they had an unequal number of votes—namely, on Count 11—the tie, according to Rule 19, would have been decided against him. Hamilton is therefore, being lowest on the poll, excluded, and the two continuing candidates, there being two seats yet to fill, are declared elected, and the election is at an end.

APPENDIX C (1).

DIRECTIONS FOR THE GUIDANCE OF THE VOTER IN VOTING, TOGETHER WITH
EXAMPLES OF VALIDLY MARKED BALLOTS, WHICH SHALL BE PRINTED IN
CONSPICUOUS CHARACTERS AND PLACARDED OUTSIDE OF EVERY POLLING-
STATION AND IN EVERY POLLING-BOOTH.

Each voter will go into one of the compartments, and with the pencil provided there, mark his ballot-paper by placing the figure 1 in the square opposite the name of the candidate of his first choice. He MAY also place the figures 2, 3, and so on, in the order of his choice, opposite the names of other candidates, that is to say:—

He MUST place the figure 1 in the square opposite the name of the candidate he likes best.

He MAY also place the figure 2 in the square opposite the name of the candidate he likes second best, and 3 in the square opposite the name of the candidate he likes third best, and so on.

If the voter does not mark the figure 1 on his ballot-paper, or marks the figure 1 opposite more than one name, or marks the figure 1 and some other figure opposite the same name, or places any mark on the ballot-paper by which he may be identified, his ballot will be invalid and will not be counted.

After marking the ballot-paper the voter will fold it up so as to show the official mark on the back, and, leaving the compartment, will, without showing the front of the ballot-paper to any person, show the official mark on the back to the Presiding Officer, and then in the presence of the Presiding Officer put the ballot-paper in the ballot-box and forthwith quit the polling-station.

If the voter inadvertently spoils a ballot-paper, he can return it to the Presiding Officer, who will give him another ballot-paper.
